Event details

What is the secret of Marshals silver coffin? Where did Jan Szczepkowski create his greatest works? Willa Waleria will come to life through memories and archival recordings. The building will become a space for the stories of J. Szczepkowski and his daughter Hanna, which will be heard in various rooms of the villa. In addition, two exhibitions await visitors: - a temporary collective exhibition by the Union of Visual Artists and the Academy of Fine Arts in Warsaw, inspired by the theme of organic geometry; - a permanent exhibition dedicated to the work of Jan Szczepkowski.

Practical informations

Participation in the event is free of charge. No registration or sign-up is required. The event is intended for the designated audience. Tours will take place during specific hours.
