Event details

The exhibition is dedicated to Bogusław Polch, one of the undisputed classics of Polish comics. "Planet Polch" is one of the largest and most visited planets in Polish comics. Suspended in space between hyperrealism and unrestrained imagination, between the everyday life of the PRL (Polish Peoples Republic) and the fascination with the West, high art and pop culture, it has attracted and fascinated generations of comic explorers. "Planet Polch" – the comics exhibition of Bogusław Polch – is an unforgettable journey through time and space.
